ACADEMIC CREDENTIALS			
Year	Degree	Institute	Score
2024 - 2026	MBA	Narsee Monjee Institute of Management Studies, Hyderabad	7.40/10 CGPA
2015 - 2019	B. Tech (CSE)	Chitkara University, Himachal Pradesh	80.06 %
2015	XII – CBSE	Vikas Vidyaniketan, Vishakhapatnam	80.60 %
2013	X – ICSE	Mount Carmel School, Hoshiarpur	86.83 %
CERTIFICATIONS			
Certifications	<div><div><div>▪ ISTQB - Performance testing 2019</div><div>▪ Coursera - Foundation of UX Design 2022</div><div>▪ Coursera - Create High Fidelity Designs and Prototypes in Figma 2022</div></div><div><div>▪ Coursera - Build Dynamic User Interfaces (UI) for Websites 2022</div><div>▪ PEGA Certified System Architect</div></div></div>		
WORK EXPERIENCE			
Test Engineer		Infosys Ltd.	Oct'19 – Feb'22
Management	<div><div>▪ Led the testing of 3-5 production releases per sprint, ensuring quality and timely delivery within a two-week cycle.</div><div>▪ Assumed full accountability for a specific region, gaining ownership of testing initiatives in the APAC and North America (NA) markets.</div></div>		
Planning & Execution	<div><div>▪ Engineered comprehensive test scenarios to evaluate code performance under high-load, unexpected volume, and stress conditions (2x expected volume).</div><div>▪ Created test plan for each test run.</div><div>▪ Coordinated with developers to gather non-functional requirements.</div><div>▪ Developed reusable test cases for common ETL patterns, which streamlined the testing process for new projects.</div><div>▪ Generated extensive test data, 1M+ transactions, to validate special-case scenarios.</div><div>▪ Conducted stress, load, and concurrent testing on ETL jobs to determine system break points and identify bottlenecks.</div><div>▪ Analysed performance logs and error files from Ab Initio and Talend on Unix systems, and communicated findings to development teams to facilitate timely fixes.</div><div>▪ Monitored system resources (CPU, memory, disk I/O) during test runs to analyse performance degradation and look for underlying issues.</div><div>▪ Collaborated closely with development teams to communicate test findings and facilitate the implementation of fixes, ensuring performance goals were met.</div><div>▪ Worked on agile scrum model on all production releases.</div></div>		
Process Improvements	<div><div>▪ Engineered Unix scripts and integrated them with SQL to accelerate database cleanup and data deletion, increasing efficiency by 10%.</div><div>▪ Implemented data quality checks to identify and log anomalies during the ETL process, improving the reliability of the data warehouse.</div><div>▪ Identified KPIs (Query execution time, data load time, resource utilization) for Ab Initio graphs and SQL/PL procedures, ensuring that performance benchmarks were established and met for production readiness.</div><div>▪ Evaluated data sources and volume trends to detect irregularities and uncover anomalies, including significant increases of 20%.</div></div>		
Reporting	<div><div>▪ Created comprehensive reports on test plans, defects, and results, providing stakeholders with clear visibility into product quality and stability.</div><div>▪ Created & presented performance test results to stakeholders, including metrics on data load times, resource utilization, and job failure rates.</div><div>▪ Managed the defect lifecycle & sprint tasks in Jira, from logging to resolution, which streamlined communication and ensured a higher quality product for the organization.</div><div>▪ Developed detailed budget reports and monthly and quarterly project summaries, which enabled effective project management and informed key business decisions.</div></div>		
INTERNSHIP PROJECTS			
Marketing Intern		Reliance Retail Ltd.	April'25-June'25
Brand Management	<div><div>▪ Managed brand communication initiatives for John Players & Lee Cooper.</div><div>▪ Assisted in brand communication efforts, supporting the team with campaign brainstorming and seasonal planning (AW'25 collection) for John Players & Lee Cooper.</div></div>		
Digital Marketing	<div><div>▪ Developed social media content calendar for 3 months, supporting brand strategy and consistent messaging for Lee Cooper and John Players.</div><div>▪ Executed social media content calendars for brands like Lee Cooper and John Players, publishing posts to Instagram and Facebook using Meta Business Suite.</div><div>▪ Selected all visual media for content calendars, reinforcing consistent brand messaging across all digital platforms.</div></div>		

	<ul style="list-style-type: none">▪ Collaborated with the graphic design team, providing input on image selection to ensure all social media visuals aligned with brand identity.			
Marketing & Campaigns	<ul style="list-style-type: none">▪ Coordinated the planning and execution of garment photoshoots for new collection.▪ Collaborated with buyer and sourcing team to secure sample garments for photoshoot.▪ Assisted the creative team with catalogue production for new seasonal garments.▪ Assisting the graphic designer for the brochure and invite creation for the Delhi trade show on SS'26 collection.			
Analytics	<ul style="list-style-type: none">▪ Analysed social media performance by tracking KPI (Reach, Impressions, Views, Follower Growth Rate) on Meta Business Suite.▪ Coordinated with analytics team to gather and interpret campaign performance and deeper insights.			
CSR Intern		Apollo Hospitals (Billion Hearts Beating)		Jan'25-Feb'25
Summary	<ul style="list-style-type: none">▪ Conducted market research for Apollo Hospitals, analysed upskilling programs offered by competitor hospitals in Punjab.			
Market Research	<ul style="list-style-type: none">▪ Researched short-term and long-term healthcare training programs affecting more than 50,000 healthcare professionals across Punjab every year.▪ Collected primary data from 2 hospitals across Amritsar with 20+ beds.▪ Collected and evaluated secondary data of more 10 hospitals across Punjab about their offerings of their upskilling programs.▪ Provided comprehensive reports with impactful suggestions for Apollo MedSkills decision-making to amplify its presence in Tier-2 and Tier-3 cities.			
CSR Work	<ul style="list-style-type: none">▪ Organized and executed 7 medical camps in villages, colleges, and communities near Amritsar to maximize community impact.▪ Monitored vital signs for over 500 individuals during medical camps.▪ Recorded health metrics to support analysis of community health trends.▪ Educated camp attendees about preventive healthcare practices and the importance of regular health check-ups.▪ Compiled collected data into reports for program evaluation and future planning.			
Skills	<ul style="list-style-type: none">▪ SQL▪ HTML	<ul style="list-style-type: none">▪ FIGMA▪ Power BI	<ul style="list-style-type: none">▪ Excel▪ Agile & Waterfall Methodologies	<ul style="list-style-type: none">▪ Jira▪ Linux
EXTRACURRICULAR ACTIVITIES				
Hobbies	<ul style="list-style-type: none">▪ Passion for sports: Basketball, Volleyball, Formula1▪ Travelling and exploring cities.
